

SHORT DURATION FIXED INCOME STRATEGY

A DISCIPLINED VALUE ORIENTED APPROACH TO FIXED INCOME

Investment Philosophy

The Short Duration Fixed Income strategy stresses security selection, preservation of principal, and compounding of the income stream as the key to consistently adding value in the bond market.

Chartwell utilizes a disciplined value, bottom-up approach to the fixed income market, with emphasis on building the portfolio through individual security selection. The philosophy is implemented by assessing the credit profiles of specific issuers through extensive credit research. The team searches out companies that we believe will experience improving credit profiles. Securities are identified for inclusion through an analysis of historical and relative yield spread relationships. Security characteristics such as credit quality, structure, maturity, and liquidity are also examined. Sector diversification and duration parameters are defined to limit market, sector and credit risk.

Chartwell Investment Partners, LLC claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Chartwell Investment Partners has been independently verified for the period ended June 30, 2021. Chartwell Investment Partners, LLC (Chartwell), founded in 1997, is an investment management firm registered under the Investment Advisors Act of 1940. Chartwell manages a variety of equity, fixed income and balanced assets for Institutional, Sub-Advisory, as well as WRAP/Retail clients. Chartwell's firm assets of \$11.2 billion include \$1.2 billion in Model assets as of 03.31.2022.

On January 3, 2014, Chartwell Investment Partners, LP (Chartwell LP), entered into a definitive agreement to join TriState Capital Holdings, Inc. (NASDAQ: TSC, TriState Capital). On March 5, 2014, Chartwell LP sold substantially all of its assets and business to Chartwell, a newly formed Pennsylvania corporation and wholly owned subsidiary of TriState Capital. The roster of employees, investment teams, address and phone number of Chartwell was the same as Chartwell LP upon closing of the transaction.

Effective July 1, 2015, Chartwell's organizational structure changed from a Pennsylvania corporation to a Pennsylvania Limited Liability Company "LLC". This modification was made strictly for tax purposes only, with no effect on Chartwell's ownership, management, roster of employees or investment advisory services provided to its clients.

On April 29, 2016, TriState Capital closed the acquisition of investment management firm The Killen Group, Inc. (TKG). TriState Capital is integrating all TKG's personnel, operations and assets into Chartwell's business. The TKG assets are included in Firm Managed Assets beginning the period ended Q2 2016.

On April 6, 2018, TriState Capital closed the acquisition of the long-only investment management business of Columbia Partners, based in Chevy Chase, MD. The deal represents approximately \$1 billion of AUM in Fixed Income and Equity relationships. Along with the AUM, TriState Capital has integrated three of Columbia's employees into Chartwell's business. They include a Marketing Director, a Large Cap Growth Portfolio Manager and a Senior Analyst.

Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policy and procedures are designed to calculate and present performance in compliance with the GIPS standards.

The performance data quoted represents past performance; past performance does not guarantee future results. Current performance may be lower or higher than the performance data quoted. The gross returns were calculated on a time weighted basis, including all dividends and interest, accrual income, realized and unrealized gains or losses and are net of all brokerage commissions, execution costs and do not give effect to investment advisory fees, which would reduce such returns. The net returns presented above were calculated by applying the highest institutional investment advisory fee paid by a client of Chartwell. The investment advisory fee schedule for institutional portfolios is: 0.15% on all assets. Fees for WRAP/SMA portfolios are different and will vary per platform.

The Bloomberg 1-3 Year Government Credit Index returns are provided to represent the investment environment existing during the time periods shown. For comparison purposes, the index is fully invested and includes the reinvestment of income. The returns for the index do not include any trading costs, management fees, or other costs. Index returns have been taken from published sources.

The Short Duration Fixed Income Institutional composite focuses on U.S. fixed income issues with assets allocated to the Treasury, Agency, Government MBS, AAA, ABB and Investment Grade Corporate sectors. This composite was initially created in April 2003 and includes all fee paying and non-fee paying (i.e. incubators), discretionary accounts with comparable investment objectives and a market value in excess of \$1,000,000. Trade date accounting is utilized and cash equivalents are included in performance returns. Returns are calculated by geometrically linking the monthly and quarterly returns respectively. Valuations are computed and performance reported in U.S. Dollars. Composite dispersion is calculated using the asset-weighted standard deviation method, which determines the dollar-weighted mean return using the beginning-of-year market values. The three-year annualized deviation measures the variability of the composite and the benchmark returns over the preceding 36-month period. The standard deviation is not presented for 2003 through 2010 as it is not required for periods prior to 2011. There is no use of leverage or derivatives. The results of individual accounts and for different periods may vary. Other performance calculation methods might produce different results. Investors should not rely on prior performance data as a reliable indication of future performance.

To receive a complete list and description of Chartwell Investment Partners' composites and/or a presentation that adheres to the GIPS® standards, please contact Chartwell at (610) 196-1400 or info@chartwellip.com.
